

Fungistad

Special substance combination against algae, bacteria and fungi

AREAS OF APPLICATION

Reconstruction on facades with algal, bacterial and fungal infestation.

PRODUCT PROPERTIES

- Ready to use
- Highly effective
- Broad spectrum of protection against algae, bacteria and fungi

TECHNICAL DATA

Composition	Preparation of alkyldimethylbenzylammonium chloride
Odour	Mild
Density	approx. 1,0 kg/dm ³

APPLICATION INSTRUCTIONS

Mixing Ready to use

Application

1st cleaning of the facade

Apply material by brushing or rolling it on, the surfaces must be thoroughly wetted.

After the compound has taken effect for approx. 6 h, remove infestation/residue using a brush and water; if possible avoid the use of high-pressure cleaners.

A removal is not required in the case of minor residue/infestation, if no reduction in adhesion is expected.

2nd facade impregnation

The surfaces to be impregnated must be thoroughly cleaned and dry.

Apply material by brushing or rolling it on, the surfaces must be thoroughly wetted.

Subsequent treatment

The following coatings should indicate a high degree of resistance against

	microbial infestation.
Consumption	Cleaning approx. 250ml/m ² per layer/coat Determine the precise material requirements by means of a trial coating on the object.
	Impregnation approx. 200ml/m ² per layer/coat Determine the precise material requirements by means of a trial coating on the object.
Information about the weather	The material, substrate and air temperatures cannot fall below +5 °C during application and drying. Do not apply in direct sunlight.
Interval	After impregnation, reworkable after 48 h at the earliest, depending on the weather conditions.
Cleaning of tools	In a fresh state with water.

STORAGE

Shelf life in original sealed packaging of at least 6 months when kept cool and protected against frost.
Protect against direct sunlight and temperatures > 50°C.
Close opened containers tightly.

PACKAGING INFORMATION

Colour	Pale yellow
Packaging unit	Canister approx. 5 l

OTHER INFORMATION

Information on safety	The information provided in the current safety data sheet applies.
Transportation	Not a hazardous material
Giscode	GD30 disinfectant cleaning agent, basis quaternary ammonium compounds, irritant
